Scores given are Median Grade Equivalent. An “at grade level” score would be the grade number with a .8 after it. For example, the “at grade level” equivalent for first grade would be a score of 1.8. Scores at or above this mark indicate that the performance of the class as a whole was at or above grade level. Scores below this mark indicate the performance of the class as a whole was below grade level. Please note that there may be individual students who scored higher or lower than the average, based on that student’s ability to achieve on a standardized test.
