Ambassador Program

Last weekend we kicked off our Ambassador program. This dedicated group will be working to share their story of Concordia with people outside of our Concordia family as well as helping new families as they join. For the next several weeks, we will be highlighting their stories. Here is the first, in their own words:

We have two daughters associated with Concordia. Our older daughter attended Concordia from the 6th grade through the 8th grade. The academic discipline she received as a student at Concordia resonated throughout her high school career, where she was inducted into the National Honor Society; and during her present college studies where she has maintained academic honors status. Her teachers at Concordia, the late Mr. Martin Roedel and Mr. Jim Hoeft, were very much instrumental in her academic success. She also received a daily reinforcement of her Christian faith while at Concordia. Our youngest daughter currently attends Concordia and I can not be more pleased with her progress, both in academic studies and extracurricular activities. She has attended Concordia since Kindergarten and her faith is well grounded in Jesus Christ as her Savior. - Concordia Parents

If you have a story that you would be willing to share, please send them to jschwaegerle@concordials.org
